Women: Colon Cancer Information That Could Save Your Life

Wednesday, March 18, 2009

6pm

St. Joseph's Women's Hospital

Women's Pavilion, 4th Floor

3030 W. Dr. Martin Luther King Jr. Blvd.

Lori Slezak, M.D.

Surgeon, St. Joseph's Hospital

Colorectal cancer is cancer of the colon and/or rectum. Most cases of colon cancer begin as small, benign (non-cancerous) clumps of cells called adenomatous polyps. Over time, some of these polyps become cancerous. Colon cancer is equally common in men and women.
